WHAT IS MY SCHOOL APP?

My School App is a customizable e-schooling solution designed around the values and methodologies of your school.

Our insight into technology and education helped us create a 360° digital experience that has transformed learning. We integrate your school's curriculum into a seamless educative platform, helping you equip students with tools for academic success.

We are a cost-effective digital solution that can take a school online within just 24 hours of on-boarding. Trusted by well over

1,000+ schools

and backed by

1.5 million students,

our unique and exclusive Subscribers experience speaks for itself.

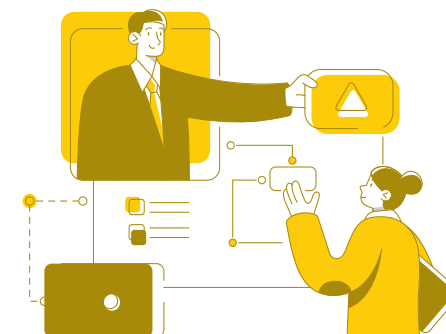

YOU EMPOWER STUDENTS. WE EMPOWER YOU TRANSFORM TEACHING USING #MySchoolTools

#MySchoolTools are exclusive features designed to support the uninterrupted flow of learning. While schools and teachers do what they do best – teach & develop students – we provide them with an expanse of tools to aid them.

1

e-VAULT

A repository of animated learning videos, question banks and competitive exam study materials; all of which can be modified based on the school's liking.

2

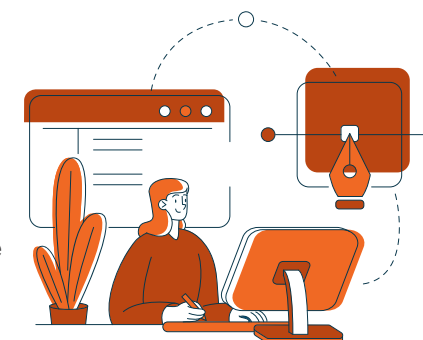

ARENA

Arena is a simple yet elaborate network that showcases the creativity, passion and talent of students with the guidance of teachers.

3

Q-BOX

A doubt-clearing tool that allows students to post their concerns/questions on different topics. Teachers can make commonly asked questions public to other students in discussion boxes on the given topic.

4

KNOWLEDGE HUB (K-HUB)

The one-stop shop that houses everything a student needs for overall development. Through K-HUB, students can not only explore their academic strengths, but also develop their skills in other aspects of life.

WE SIMPLIFY ONLINE TEACHING

CONDUCT LIVE CLASSES ACCORDING TO TIMETABLE

Run your classes in a real-time tool that takes live attendance, matches class timetable and supports learning content as per planned curriculum.

LIVE CLASS RECORDINGS

Student can rewind and play the desired class, anytime and anywhere.

GIVE, TAKE AND EVALUATE HOMEWORK

Assign homework tasks and assess them all at once on any device.

ACCESS TO PRACTICE TESTS

Based on tests, tutors can understand the scope & growth of their students, enabling course-correction to achieve better results.

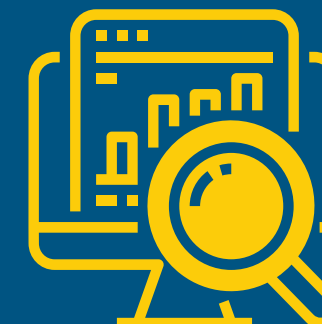

CONDUCT LIVE TESTS & EXAMS

We provide a 99.99% uptime feature and ensure exam data is auto-saved in case there are sudden issues with the internet.

ANALYSE

Get insightful reports on every chapter, subject and entire student's learning. This feature lets students know their grey area, allowing for proper feedback.

1 e-VAULT

EASY-TO-MODIFY CURATED CONTENT AT e-VAULT

Get the best of a preloaded cloud-based content engine that can enhance the learning experience of your students.

TOPIC VIDEOS

3,000+

Animated Videos

- Use for Virtual Classrooms
- Share with students
- Exclusive videos with expert guidance
- Available for entire syllabus in Maths & Science

Experts in

**JEE (MAIN & Advanced),
NEET, Foundation
Programs, EAMCET & more**

- Give real online exam simulation for all major exams
- Separate question banks
- Ever-increasing question bank with previous papers
- Over 3 lakh users across India

QUESTION BANK

9,00,000+

Curated Questions

- Use as question bank

- Allow students to practice & take mock tests
- Available subjects: English, Maths, Science & Social Science

CRAFT AN ENTIRE ARENA USING NETWORK LEARNING

Students and teachers can now create meaningful interactions using our web of networks - Arena.

2 ARENA

Assign tasks like quizzes, flashcards, PPTs, podcasts, creative writings, and storytelling

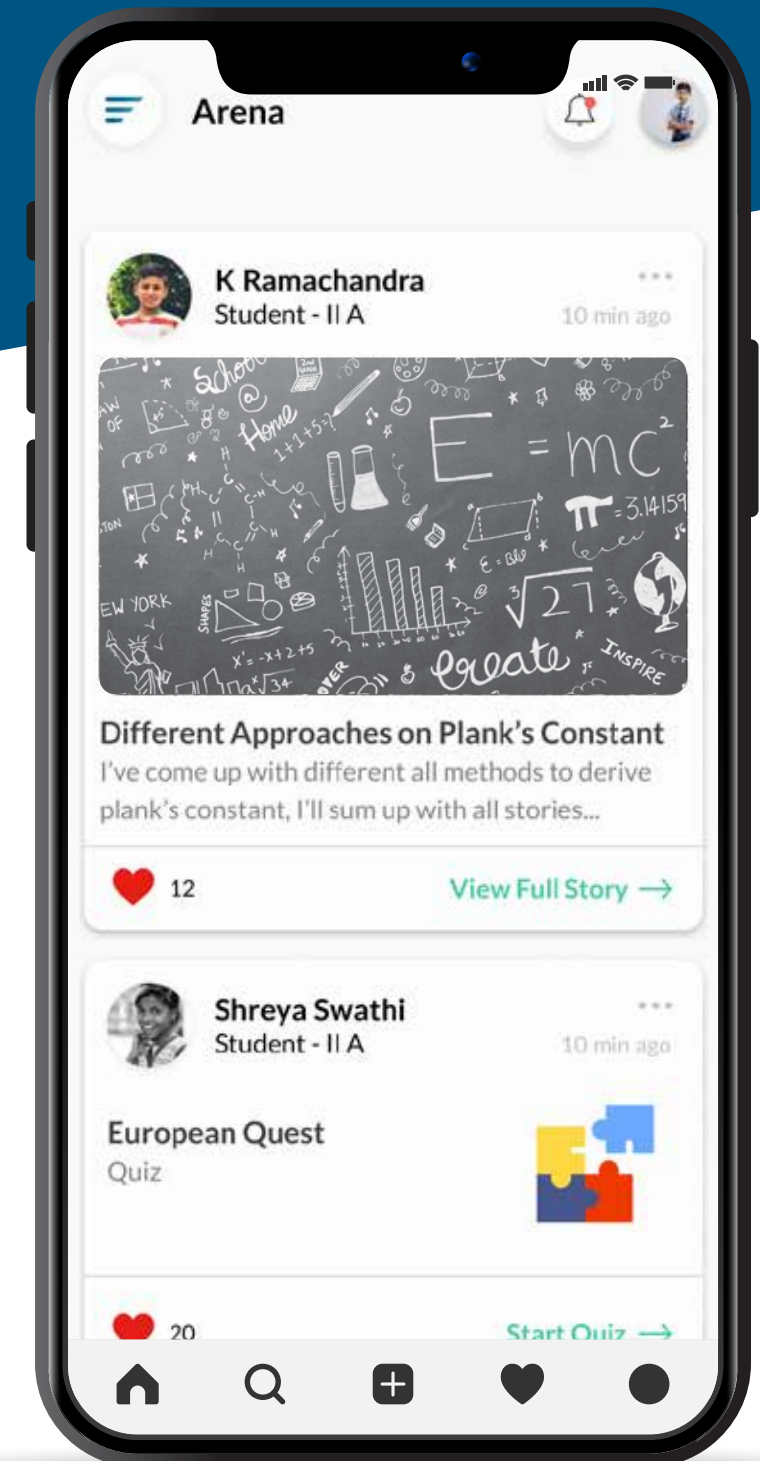

Share with the rest of class/school on teacher's approval

Teacher can create resources and share with students

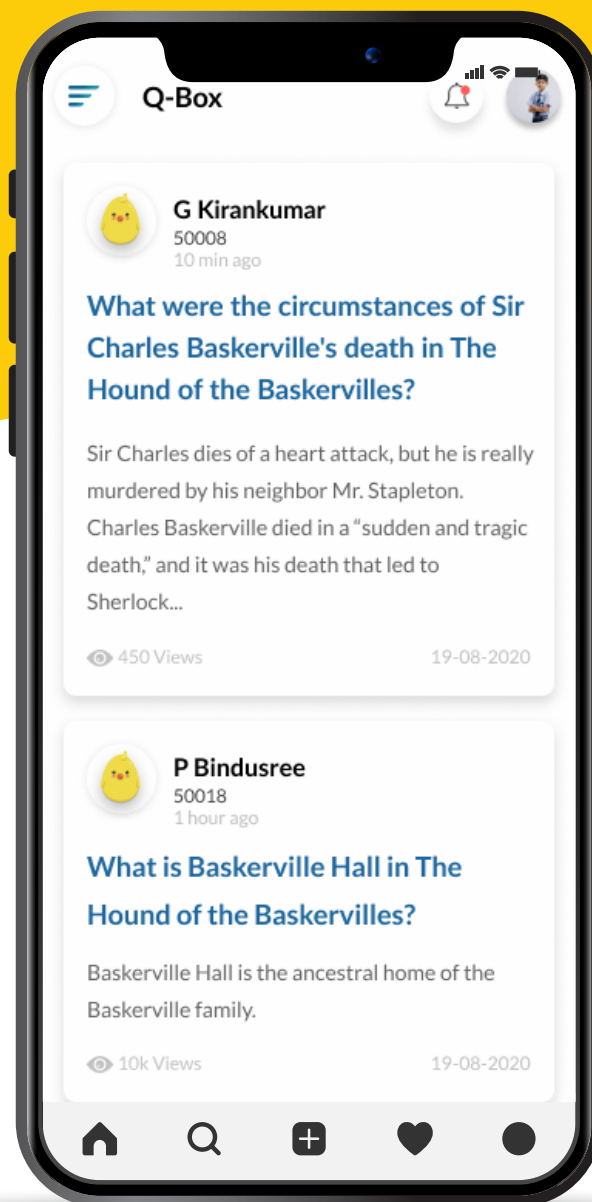

Create channels and encourage individual & group social learning

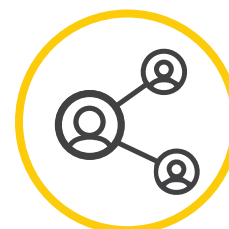

3 Q-BOX

BUILD A BANK OF QUESTIONS & ANSWERS THROUGH Q-BOX

A tool where students can post their doubts to subject teachers directly by pinning the topic, synopsis, questions and explanations. Teachers have accessibility to make Frequently Asked Questions public in the respective discussion box.

Students can clarify doubts of other students. Before posting, answers will go through a round of thorough checking by teachers.

Teachers can directly clarify any doubts posted by students.

4 K-HUB

KNOWLEDGE HUB (K-HUB) GIVES YOUR STUDENTS THE EDGE

With significant changes coming into effect to the education system of India, we are already positioned to lead the charge for the next generation of education by giving more schools and families access to e-schooling.

Our exclusive **student developmental initiative** is our way of making sure your students stay ahead of the curve.

Academics (Curricular)

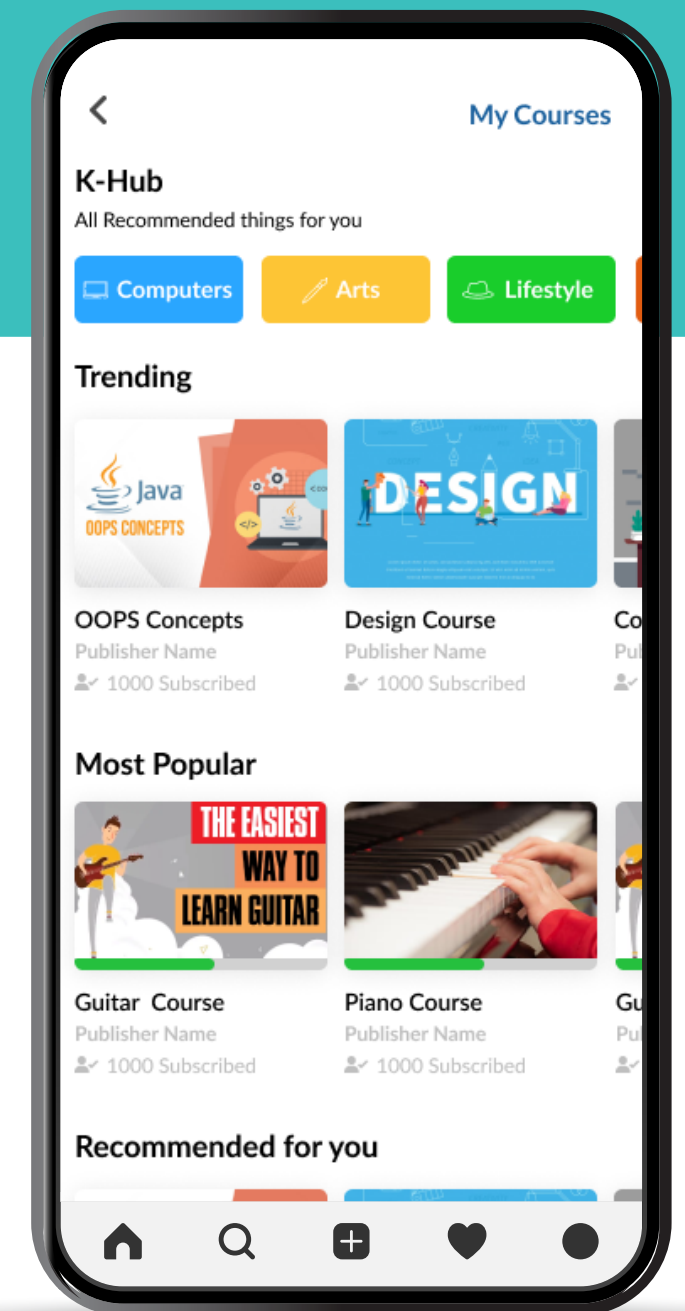

Students will encounter their daily syllabus, get access to competitive learning exams (IIT, NEET, etc.), attend virtual labs, and ask/solve their doubts.

Non-academics (Extra-curricular)

Parents and students can focus on overall development through personality development, career guidance, ways to improve, and augmented reality/virtual reality simulations. Students can also excel in other fields with extra classes in Coding, Arts, STEM, Health and Humanities.

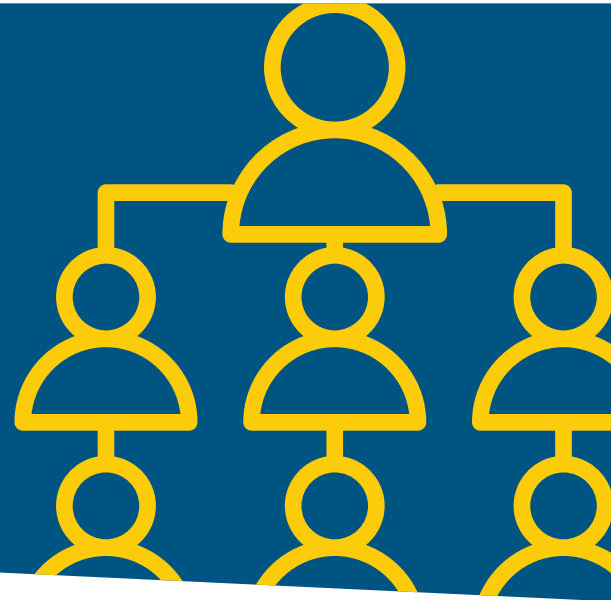

Product Socialization

Students and teachers get to work in tandem by creating Student Communities, Publishing essays/stories/articles and heading an entire Student & Teacher Social Network.

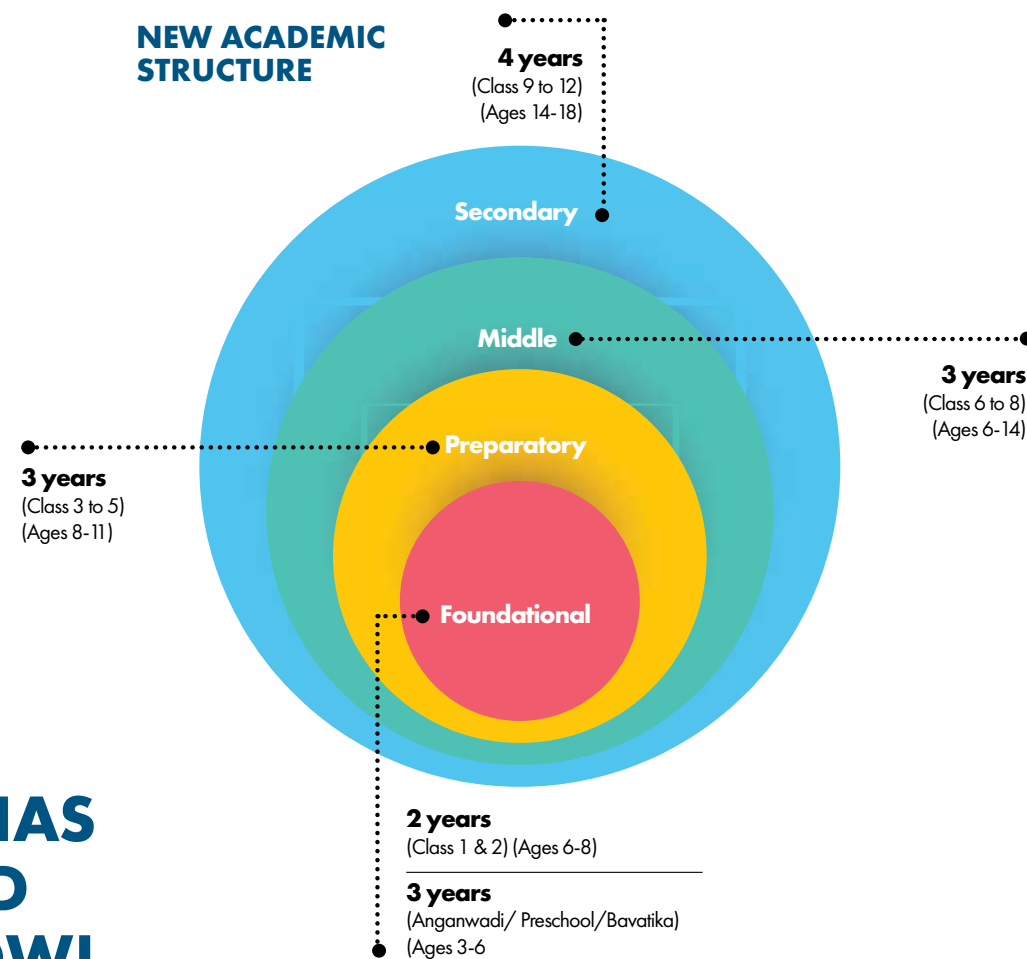

READY FOR THE LATEST ACADEMIC STRUCTURE

Keeping in mind a child's development and capability, My School App supports all segments – Foundational Years, Preparatory Stage & both Secondary Stages.

NEW ACADEMIC STRUCTURE

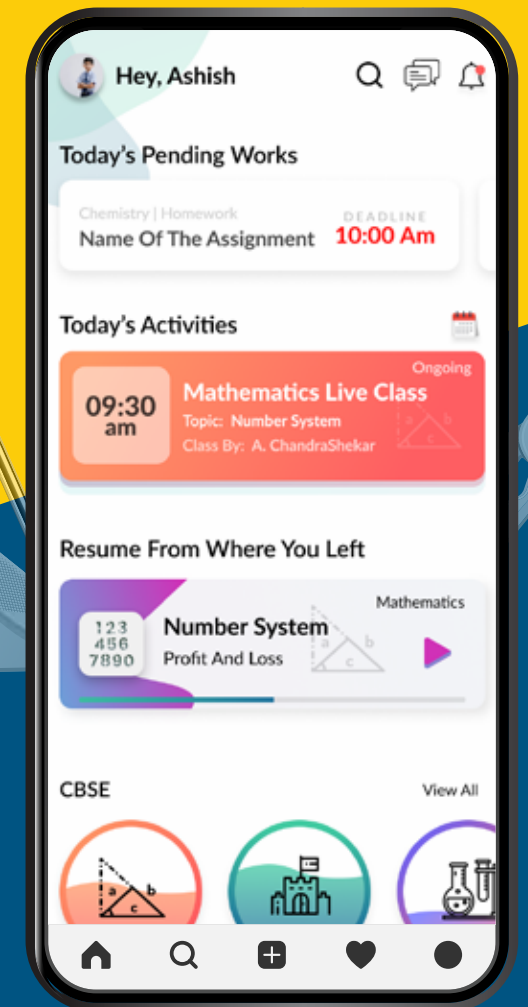

K-HUB HAS ADAPTED AND HOW!

- Foundational Stage - Multilevel, play/ activity-based learning
- Preparatory Stage - Play, discovery, activity-based, and interactive learning
- Middle Stage - Experiential learning in science, maths, arts, social sciences and humanities
- Secondary Stage - Multidisciplinary study, greater critical thinking, flexibility, and students choice of subjects

BE FUTURE READY WITH CODING, VOCATIONAL, VIRTUAL LABS & LOT MORE.

SAFE, SECURE AND CONVENIENT
